The cleanest, brightest safest and really a long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe, nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind what you want the best and safest light; and then the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers

From Childhood**To Motherhood**

Took it as a Child: Now gives it to her own Children.

Mrs. Mabel Boulton of Brisbane, Queens, land, has had the following unusual and most delightful experience:

"From infancy I was weak and delicate and grew to be anything but a robust child. I suffered from debility, no appetite, and the usual consequence of such complaints. But my parents hearing of the health restoring properties of

AYER'S Sarsaparilla

procured some for me and I am happy to say that after having taken two bottles I regained health, vigor and good appetite and have not been troubled ever since. I am now married, have a family of my own, am still strong and well, and can recommend Dr. Ayer's Sarsaparilla as a good family medicine."

For constipation take Dr. Ayer's Pills. They promptly relieve and surely cure. Take them with Dr. Ayer's Sarsaparilla; one aids the other.

MORE OCEANIC STEAMERS

SPECKELS TO BUILD TWO FINE NEW ONES.

Mariposa and Alameda to be Rebuilt at an Expense of \$250,000—A Fortnightly Australian Service.

SAN FRANCISCO, January 22.—Two and possibly three magnificent steamships are to be built by the Oceanic Steamship Company this year to ply between this port and Sydney, Australia. They will be of 6,000 tons burden and will have a speed of seventeen knots an hour. The indications are that they will be constructed at the Union Iron Works, although that has not yet been decided. In addition, the company will expend \$250,000 in alterations and additions to the steamers Mariposa and Alameda. These will consist chiefly in new boilers and the substitution of triple expansion for the present compound engines. The result of the improvement of these vessels will be to increase their horse power 500, their speed one knot and their carrying capacity 367 tons each, while their coal consumption will be decreased and it will be possible to use a cheaper quality of coal with better results than at present. It is also very probable that \$50,000 will be expended on the steamers in the improvement of their passenger accommodations.

The reason is that much traffic, both freight and passenger, is being diverted from San Francisco to other ports, especially to Vancouver, B. C., by the inability of the present vessels of the line to accept all of the business offered. The prospects are that when the two or three large steamers are finished a fortnightly service will be established between San Francisco and Sydney, with stops at Honolulu and Auckland. For the repairs to the Mariposa and the Alameda, the steamers will be withdrawn from the service for a period of ninety days alternately, and the Zealandia and the Australia probably will be substituted on their runs to Australia and New Zealand. The net income of the company for the year was \$325,557.70, as against \$125,794.76 last year.

WANTS SPAIN'S AID.

Aguinaldo Seeking an Alliance With His Old Enemy.

MADRID, January 23.—According to a dispatch received here from Manila, the Filipino congress at Malolos has authorized the release of the Spanish civil prisoners and will shortly liberate the military prisoners. The premier, Senor Sagasta, declares that Aguinaldo has made the liberation of the Spanish prisoners conditional upon Spain's recognizing the Philippine republic and allying herself thereto. Aguinaldo, it is added, has similarly demanded the Vatican's recognition of the Philippine republic.

Bailey's Bike Bits

ITEMS OF INTEREST TO BICYCLE BUYERS AND READERS.

The signs are that prices on well known makes of wheels will be cut, and cut deep. One very large maker has made a cut of 33 1/3 per cent, and at the same time advertises the fact that "99 wheels will be the same as '98, with 30 inch wheels as an extra line at \$5.00 more."

With cheap bikes and good, the trade may be said to have only just begun in the matter of quantity of sales. One hundred wheels at \$10.00 can be sold where one would sell at \$100, or even \$75. Always we have the cheapest bike in town. A good second hand bike for \$15.00. Good for a truck or to learn on. Good value any way, anywhere.

A special feature made of contracts to repair punctures and to clean your wheel for \$1 per month.
